## ONE DAY YOGA TRAINING PROGRAMME

Report

On

International Day of Yoga

Goreswar College, Goreswar Date: 21.06.2023

Total Participants: 95

One Day Yoga Training and Nasha Mukta Bharat Abhiyan program (21.06.2023) was organised by Yoga and Meditation Centre, Goreswar College, Goreswar in association with IQAC Goreswar College and NCC unit on the occasion of International Day of Yoga. The Vice Principal, Mr. Umesh Baro was the president of the program. B.K. Mira (in charge of Prajapita Brahma Kumaris Ishwariya Vishwa Vidyalaya Goreswar Centre) and Dhruvajyoti Deka (Yoga Instructor Ministry of Ayush Govt. Of India) were the invited guests of the programme. The programme was held in the Auditorium Hall Goreswar College.

B.K. Mira, one of the guests talked about the Drug De-addiction and Value-based Living. She also maintained that spirituality entail certain universal themes such as- love, compassion, altruism, wisdom, and truth with the knowledge that some people such as saints or enlightened individuals have achieved and manifested higher levels of progress than the ordinary people. She also encouraged and motivated the participants to adopt an addiction-free positive lifestyle that in turn would be a great service to the society.

Another guest Dhruvajyoti Deka explained about Yoga or Meditation. He talked that Yoga is the most favourable method to connect to nature by balancing the mind-body connection. It is an ancient and beautiful practice of India that is linked to all aspects namely, physical, spiritual, and mental. It calms and relaxes our body and soul. It helps us to stay fit and healthy. Moreover, he demonstrated the accurate poses of Yoga. A number of teachers, NCC cadets, students of Goreswar College and students from nearby institutions attended the programme. At the end of the programme Dr. Pramod Medhi, Principal Goreswar College offered his gratitude to the invited guest as well as the participants.

On **December 1, 2023**, the newly established **COMMERCE FORUM** at Goreswar College, in association with the **Women's Cell** and **IQAC** (Internal Quality Assurance Cell), joined hands with **Goreswar C.H.C.** (Community Health Center) in BTR, Assam, to organize a free health checkup camp in commemoration of **World AIDS day, 2023**.

The event unfolded in **two** distinct phases. The inaugural phase commenced with a meeting held at Hall 1, Goreswar College, from **10:30 AM to 11:00 AM**. Dr. Bhaba Kr. Sarma, Head of the Economics Department and coordinator of IQAC, inaugurated the session by lighting the lamp. Mrs. Bibha Rani Talukdar, the program coordinator and secretary of the Commerce Forum, conducted the meeting. The gathering included ten medical professionals, comprising four doctors—Dr. Naba Chakrabarty, Deputy Superintendent of Goreswar C.H.C., Dr. Ayesha Rahman, M.O. at Goreswar C.H.C., Dr. Kiran Karwasara, M.O. at Goreswar C.H.C., and Dr. Jenifa Sabnam, M.O. at NKBPHC—along with two staff nurses, a pharmacist, and more. Felicitation of the delegates took place under the guidance of Mr. Raju Dasgupta and done by the members of Women's cell & Commerce Forum, and the objectives of the meeting were outlined by Dr. Dilip Ch. Das, the President of the Commerce Forum. Dr. Pramod Medhi, Principal and advisor of the Commerce Forum, delivered the inaugural speech, while an enlightening talk on AIDS was presented by Dr. Naba Chakrabarty. The meeting witnessed the active participation of staff from various departments, students, and the Union Body of Goreswar College. The program coordinator expressed gratitude to all participants during the vote of thanks at the conclusion of the meeting.

The subsequent phase, starting at **11:00 AM**, marked the commencement of the **free health checkup**, which extended until **2:30 PM**. The event attracted patients from diverse areas

		Total=30 hours

### **Course Objective:**

Oral tradition and Oral History enables people to share their stories in their own words, with their own voices, through their own understanding of what happened and why.

With careful attention to preserving our sound recordings, the voices of our narrators will endure to speak for them when they are gone. Oral traditions and expressions are used to pass on knowledge, cultural and social values and collective memory. They play a crucial part in keeping cultures alive.

Some advantages of Oral traditions are: -

- Oral traditions do not need a person to know how to read and write.
- Historians get first-hand information from the people.
- Information is easy to collect.
- Historians can interview people anywhere and at any time.

### **Course Outcome:**

After this course the students will be able to explain complex interrelationships of structure or events in the context of broader social and cultural framework of societies through 'public memory' and use oral history to preserve oral culture and local history. The students will be able to espouse the relevance to the North-Eastern region of India with its divers culture and ethnic communities whose history is largely oral. The students will be to use 'Public memory' as a tool and a source not only to write public history but also to explore new knowledge in the humanities, social sciences and even in disciplines like Architecture, Communication Studies, Gender Studies, English, History, Philosophy, Political Science, Religion and Sociology.

### **Course Material:**

Necessary course material like books, reference books and articles will be provided in the classroom.

### **Grading Patterns**

## **Course outcome:**

1. To understand the basic life cycle of the honeybees, beekeeping tools and equipments.
2. To learn for managing beehives, bee enemies for honey production and pollination.
3. Describe the importance , biology and management of bees.
4. Demonstrate bee keeping management and skills

## **Eligibility for the Course:**

Candidate for admission to certificate course in Apiculture must be 10+2 passed with Zoology

**Duration** : 30 hours

Department of Zoology, under the aegis of IQAC, Goreswar College organized a course on “Add on Course on Apiculture” from 09/09/22 to 09/11/22.

# ZOOLOGY DEPARTMENT

## ADD ON COURSE: APICULTURE

### SYLLABUS:

#### UNIT: I

1. Insects & Classification- Classification of hymenoptera & social bees, Systematics  
(Classification) of honey bee.
2. Honey Bee Species-Identifying characters: *A.dorsata*, *A.cerana*, *A.florae*, *A.trigona*,  
*A.mellifera*
3. Parts of Body - Head & Abdomen, wax glands, sting apparatus, scent gland,  
mechanism of sting.

#### UNIT: II

1. Nesting behavior, Colony and organization of honey bees the castes- queen, drone  
and workers.
2. Behavior and communications in bees- Sense organs , Social behavior, division  
of labour, bee dance, chemical communication- pheromones.
3. Food for bees-Bee foraging, importance of pollen nectar and water for honey bees. Bee  
flora. Major and important honey yielding plant-Carvi, Manuka. Etc

#### Practical:

1. Identify different species of honey bees in local area.
2. Demonstrate life cycle of honey bees.
3. Field visit.

## Zoology Department

### Certificate Distribution :2022-2023

Today (12-11-22) Zoology Department has finally completed their Add-on-course on Apiculture and distributed certificate to successful candidates. Only eleven students took admission and successfully completed their course. Certificates were distributed by Mr Rajani Boro HOD Mathematics Department and faculties of different departments.

ADD ON COURSE: POULTRY  
SCIENCE

Department of Zoology  
Goreswar College, Goreswar  
2021-2022

## **Aims and Objectives:**

1. To provide supplementary income and subsidiary employment.
2. To revitalization of rural poultry through supply of low input technology birds to under privileged section of the society to improve their economic status.
3. Making availability of quality seeds.
4. Strengthening of feed quality monitoring wing.

## **About the course:**

The course aims to impart systematic and scientific knowledge about poultry science. It also aims to make students aware of the job opportunities in the field of poultry and motivate them for self employment.

## **Course outcome:**

The course will enlighten the students about the operation of livestock and poultry farming. Learning of poultry farming will generate a source of employment opportunities in rural areas.

## **Eligibility for the Course:**

Candidate for admission to certificate course in Poultry Science must be 10+2 passed with Zoology

**Duration** :30 hours

Department of Zoology, under the aegis of IQAC, Goreswar College organized a course on “Add on Course on Poultry Science” from 01/09/21 to 10/11/21.

Course co-ordinator :Manisha Deka

2021 -2022

Name of the students

1. Rose Boro
2. Momita Boro

### Certificate Distribution :2021-2022

Today (13-11-21) Zoology Department has finally completed their first session of Add-on-course on Poultry Science and distributed certificate to successful candidates. Only six students took admission and successfully completed their course. Certificates was distributed by Miss Abhashree Rajbongshi HOD Physics Department and faculties of different departments.

### **Aims and Objectives**

- Visualize the importance of Food Chemistry.
- Describe Moisture in Food.
- Explain in Nutritional and Function Role of Minerals
- Know about Chemical Preservation of Food.
- Discuss the chemistry of Food Colour.

### **Course Outcome:**

- A student will have skilled based knowledge about the Food Chemistry.
- A student will have knowledge about the determination of moisture in food.
- A student will be able to acquired knowledge in colour of food and minerals in food.

### **Eligibility of the Course:**

Higher Secondary pass from science

**Time Duration:** 30 Hours

**Class Coordinator:** Joyshree Hazarika

**IQAC Coordinator:** Dr. Bhaba Kumar Sarma

**No of Student Register:**

- 1. Mukul Das**
- 2. Runald Swargiary**

OF  
ADD ON COURSE: GREEN CHEMISTRY**

**Department of Chemistry  
Goreswar College, Goreswar  
SESSION: 2021-2022**

## **Aims and Objectives**

- Visualize the importance of Green Chemistry
- Describe the basis of classification of Green Chemistry
- Explain prevention of waste / by products
- Know about designing safer chemicals
- Discuss the examples of green synthesis

## **Course Outcome:**

- A student will have skilled based knowledge about the emerging area of Green Chemistry.
- A student will have knowledge about the Green Chemistry & Environment Chemistry.
- A student will be able to prevention of waste or by product.

## **Eligibility of the Course**

Higher Secondary pass from science

**Time Duration:** 30 Hours

## **Class Coordinator**

Joyshree Hazarika

**IQAC Coordinator:** Dr. Bhaba Kumar Sarma

- 9. Phungja Basumatary**
- 10.Akkas Ali**
- 11.Bijita Boro**
- 12. Hitesh Kr. Basumatry**

## **About the course:**

Green Chemistry has been introduced as discipline specific elective subjects for add on course. It is a short-term training course that is designed to supplement the core curriculum of a degree program. We offered a certificate and skill and knowledge of Green Chemistry which relevant to their field study

## **Syllabus**

### **Green chemistry**

#### **Uni1: Introduction**

- 1.1 What is green chemistry?
- 1.2 Need for green chemistry
- 1.2 Difference between green chemistry and environmental chemistry

#### **Unit2: principles of green synthesis**

- 2.1 Principles of green chemistry
- 2.2 Prevention of waste / by products
- 2.3 Prevention / minimization of hazardous / toxic products

## CERTIFICATE DISTRIBUTION:

Today 09/10/21 chemistry Department has finally completed their first session of Add on course and candidates only (12) twelve students took admission and successfully completed their course. Today certificate was distributed by Mrs. Joyshree Hazarika HOD Department of Chemistry, and faculties of different department.

ADD ON COURSE: SOLAR ENERGY  
2023

Department of Physics  
Goreswar College, Goreswar

**Aim and Objectives:**

1. To provide theoretical training on solar energy with special emphasis on Solar Photovoltaic Systems.
2. To provide knowledge on various schemes undertaken by government for skill based green jobs as a career option.
3. To encourage entrepreneurship.

**Course Outcome:**

1. A student will have skilled based knowledge about the emerging area of renewable energy systems.
2. A student will have knowledge about the solar energy measurement technique.
3. A student will be able to consider solar energy as a means of self-employment and source of income.

**Eligibility for the Course:**

Candidate for admission to Certificate course in Solar Energy must be 10+2 passed with physics, chemistry and mathematics.

**Duration:** 30 hours

Department of Physics, under the aegis of IQAC, Goreswar College organized a course on “Add on Course on Solar Energy” from 8/09/2023 to 8/11/2023

**Class co-ordinator:**

Abhasri Rajbongshi,

Nitul Sarmah

## **Syllabus**

### **Unit 1: Basics of Electricity (10 hrs)**

Basics of electricity: ohm's law (voltage, current & resistance), series and parallel connection, measuring instruments, dc power, ac power, energy, earthing, Classification of energy sources: conventional (coal, oil and gas) and renewable sources (solar, biomass, wind, hydro, geothermal, tidal, etc.); sun as the source of energy.

### **Unit 2: Solar Photovoltaic System (15 hrs)**

Solar cell and its function, solar technologies, solar cell parameters, efficiency of solar cell, Module, Types of solar PV system, design methodology for SPV system, design of off grid solar power plant, design and development of solar street light and solar lantern.

### **Unit-3: Solar Energy Measurement Technique (5 hrs)**

Pyranometer and Pyrheliometer

Total course duration: 30 hrs

Lectures: 3 hrs. per week

**Test -1: 20 Marks**

1. What are Pyrheliometers?
  - Instruments measures beam radiations
  - Instruments measures Diffuse radiations
  - Instruments measures Direct radiations only
  - None of the above
2. How much solar radiation does "Standard Test Conditions" or "Standard Solar Radiation" refer to?
  - 1000 W/m<sup>2</sup>
  - 1367 W/m<sup>2</sup>
  - 1500 W/m<sup>2</sup>
  - 950 W/m<sup>2</sup>
3. DNI stands for:
  - Direct Normal Irradiance
  - Direct National Irradiance
  - Direct New Incidence
  - Diverse Normal Incidence
4. Most of solar radiations received on earth surface is within the range of
  - 0.1 - 0.25 micron
  - 0.25 - 0.04 micron
  - 0.04 - 0.8 micron
  - 0.6 - 0.95 micron
5. How much Annual GHI (Global Horizontal Irradiation) does Delhi receive?
  - 5.5 - 6.0 kWh/m<sup>2</sup>/day
  - 5.0 - 5.5 kWh/m<sup>2</sup>/day
  - 5.0- 5.5 kW/day
  - 6.0 - 6.5 kWh/m<sup>2</sup>/day
6. How much solar radiation is received at the top of the Earth's atmosphere?
  - 1367 Watts/m<sup>2</sup>
  - 1367 Watts
  - 1000 Watts/m<sup>2</sup>
  - 1000 Watts

7. Direct solar irradiance, also called the "direct solar irradiation" or the "direct normal irradiation (DNI)" is the solar irradiance on a surface held .....to the sun's while blocking the diffuse sky radiation.

8. What is meant by "Standard Solar Radiation"?

- 1000 W/m<sup>2</sup>
- 900 W/m<sup>2</sup>
- 1000 mW/m<sup>2</sup>
- 1367 W/m<sup>2</sup>

9. What is the solar irradiance at the top of the Earth's atmosphere?

- 1367 W/m<sup>2</sup>
- 1000 W/m<sup>2</sup>
- 1200 mW/m<sup>2</sup>
- 1440 kW/m<sup>2</sup>

10. What is Solar Photo Voltaic Cell? Draw a circuit diagram of Photo Voltaic Cell.

Or,

Write the uses of Solar Energy.

## Certificate Distribution Programme

Dept of Physics

Session: 2023-24

Date: 09-11-23

Total no. of student participants- 8

The Certificate distribution programme of Add on course on “Solar Energy” in college on 12-11-22 was organised by Dept of Physics, Goreswar college, Goreswar. The programme was inaugurated by Abhasri Rajbongshi and Nitul Sarmah, Asst prof., Dept of Physics, Goreswar college, Goreswar. The certificates are distributed by the invited guest Miss Jurishmita Kashyap, Asst prof., Dept of Mathematics and Miss Manisha Deka, Asst Prof, Dept of Zoology, Goreswar College, Goreswar. And in the end vote of thanks was conducted by Abhasri Rajbongshi, Ass prof, Dept of Physics, Goreswar College, Goreswar.

ADD ON COURSE: LED BULB  
2021

Department of Physics  
Goreswar College, Goreswar

## **Aim and Objectives:**

1. To understand the basics of power electronics and its usages in lighting controls, or LED power supplies and LED drivers.
2. To know about Special safety and handling precautions to be taken during LED Luminary testing.
3. Identify dysfunctional components through visual inspection and by use of multi-meter.
4. To understand, various electronic & electrical components, materials and their specific properties & usages.

## **Course Outcome:**

1. The course is designed to develop an entrepreneurial mindset among the students. This course involves the practical application of Electronics .
2. To boost the skill development credibility and improve the ability of the students in repairing electrical components used in day-to-day life.
3. To provide opportunity for realizing one's potential through practical experiences .

## **Eligibility for the Course:**

Candidate for admission to Certificate course in Solar Energy must be 10+2 passed with physics, chemistry and mathematics.

**Duration:** 30 hours

Department of Physics, under the aegis of IQAC, Goreswar College organized a course on "Add on Course on **LED BULB**" from 1/09/2021 to 10/11/2021

**Class co-ordinator:** Abhasri Rajbongshi

## Syllabus

### Unit1:

Basic Electronics: Identification of circuit components, Understanding the electrical properties of different components, Understand the functionality of coil, winding of coil, diode and its uses, Transistor, biasing of transistor, Current amplification circuit. Understand the functionality of multi-meter, Explain different modes of testing in multi-meter. Handling of regulated power supply, precautions dealing with AC & DC current and power supply. (10 Hours)

### Unit2:

SMT machine, reflow oven, soldering of semiconductor devices, Manual screen printer, Soldering Iron, Soldering and Desoldering, LED Driver Tester, Principle of illumination from a LED, properties of LED, identifying the reason of LED malfunctioning, various blocks of a LED, Analysing the fault by approaching each block, Selection of alternate spare in case of unavailability of components. PCB Design. (20 Hours)

Total course duration: 30 hrs

Lectures: 3 hrs. per week

**Test -1: 20 Marks**

**(Each question carries 5 marks)**

1. How do LED light works.
2. How do LED lights help the environment
3. What is soldering? What are the applications of soldering?
4. What is regulated power supply? Working principle of A.C to D.C power supply.

**INTRODUCTION:** Communication involves the transmission and reception of information through a range of verbal and non-verbal means. When you give a presentation at work, brainstorm with your colleagues, discuss a problem with your boss or discuss details of a project with a client, you are using communication skills. They are an essential part of developing positive professional relationships. While it may seem like communication is mostly about talking and listening, there's more to it than that. Everything from your facial expression to your tone of voice feeds into communication. In this course we'll look at what communication skills look like at work and how you can improve your skills to become a more effective communicator.

**OBJECTIVES :** the main objectives of this course is to understand the different aspects of communication using the four macro skills (listening, speaking, reading, writing), to apply verbal and non-verbal communication techniques in the professional Environment. After completion of this course the learner will be able to express their thoughts, ideas and opinions clearly and effectively through spoken language, use body language, facial expression and tone of voice to enhance their communication, communicate effectively in diverse contexts.

**COURSE STRUCTURE:**

**Eligibility:** Students who have passed 10+2 examination shall be eligible for the program.

**No. of Seats : 40**

**Duration:** The duration of the course will cover three months or 40 hours.

**Class timings:** Classes for the course shall be considered 3 hours in a week in on Monday, Wednesday and Friday. The timings of the class shall be 3.00-4.00 PM.

**Commencement of the class:** The Course shall commenced from 10<sup>th</sup> November, 2023.

**Study materials:** The students will be special supplementary reading materials pertaining to the Course free of cost.

**Attendance:** 75% attendance of the classes held under the Course shall be held compulsory for students. Students who do not fulfill this condition shall not be allowed to sit in the examination.

**Examination Procedure:** The examination shall consist of 50 Multiple Choice Questions and oral presentation.

**Medium of Examination:** The medium of examination shall be the Assamese/English.

**Minimum Pass Marks:** 40 marks. Those who secure less than 40% of marks shall be declared fail.

**Award of Certificate:** Each successful candidate will be awarded a certificate after having passed the examination.

## SYLLABUS OF THE COURSE

Unit No.	Unit Name	Details of the Unit	No. of classes
1	Communication and Interaction	Meaning, nature and purpose of communication. Types of communication- Verbal Communication (Effective speaking technique, voice modulation, articulation, pronunciation, effective word choice). Non-verbal Communication (Body language, gestures, eye contact, listening skills). Tips for improving non-verbal communication.	14
2	Effective communication	Essentials of effective communication, Barriers to communication.	7
3	The Seven Cs of Effective Communication	Completeness, Conciseness, Consideration, Concreteness, Clarity, Courtesy, Correctness	5
4	Interview Technique	Preparing and Self Presentation, Communication and Argument, Dressing for Interview, Dressing for Office,	4
5	Speaking skills (Practical)	Importance of Spoken English, Paper presentation skills, Preparing for and facing a job interview	10

**INTRODUCTION:** Personal development is a lifelong process. It is an opportunity for students to evaluate their abilities and qualities, rethink their life goals and set objectives to realize and maximize their potential. It includes activities that enhance awareness and identity, develop talents and potential, build human capital and promote employability, improve quality of life and contribute to the realization of dreams and aspirations. The concept is not limited to self-help, but also includes formal and informal activities to develop others in roles such as teacher, guide, counselor, manager, life coach or mentor. When personal development takes place in the context of institutions, it refers to the methods, programs, tools, techniques and assessment systems that support human development at the individual level in organizations.

**OBJECTIVES :** Personality development essentially means improving and nurturing one's outer and inner self in order to bring about a positive change in life. Everyone has a unique personality that can be developed, polished and refined. This process includes strengthening self-confidence, improving communication and language abilities, expanding one's knowledge, developing certain hobbies or skills, learning fine manners and etiquette, perfecting one's appearance with style and grace and overall radiating positivity, vibrancy and peace. The aim of the personality development course is to enhance the personality of the students and thus improve their employability. Classroom instruction and extracurricular training bring together the skills students need to learn to be successful in today's business world. To teach these skills, the personal development course is designed to prepare students for the challenges of the corporate world.

**Aims and Objectives:**

1. Enable the students to identify edible and poisonous mushroom.
2. Value edition of mushroom products.
3. To increase the production and consumption of mushrooms.
4. To create new employment opportunities for students and the youth through mushroom cultivation.
5. Learn marketing strategies.

**Eligibility for the Course:**

Candidates for admission to Certificate course in Mushroom Culture could possess a Higher Secondary school Education in Science subjects with Biology.

**Duration: 30 Hours**

Department of Botany, Goreswar College, under the aegis of IQAC organized an Add-On Course on "Add-On Course on Mushroom Cultivation" both in online/offline mode.

**Class Coordinator: Mr. Chintu Mani Saikia**

**Miss Himashri Deka**

## About the Course

Mushroom cultivation is one of the promising and profitable enterprises that have gained popularity around the world. They are packed with essential vitamins, minerals and proteins. Mushroom cultivation plays an important role to improve the strength and livelihood of people through nutritional, medicinal and economic contributions. India is largely an agricultural country generating about 350 million tons of agro-waste annually. Mushrooms are cultivated on wheat and paddy straw and several other agro-wastes. This not only helps recycle agro-waste but also fills the nutritional gap prevalent among large population of India. This add on course will be of immense benefits to students who wish to adopt mushroom cultivation as a means of self-employment.

## Syllabus

### **Unit 1: Mushroom Morphology** **5 hours**

Different parts of a typical mushroom, Key to differentiate Edible from Poisonous mushrooms. General morphology of fruiting bodies.

### **Unit 2: Common edible Mushrooms** **5 hours**

Button Mushroom (*Agaricus bisporus*), Oyster mushroom (*Pleurotus sajorcaju*), paddy straw mushroom (*Volvariella volvacea*), Milky Mushroom (*Calocybe indica*); Other economically important and medicinal mushroom- Shiitake Mushroom (*Lentinula edodes*), Kabul Dhingri (King Oyster) Mushroom.

### **Unit 3: Nutritional and Health benefits of Mushroom** **5 hours**

Antiviral value, antibacterial effect, antifungal effect, anti-tumour effect.

### **Unit 4: Disease and Pest Management in cultivated mushrooms** **5 hours**

### **Unit 5: Value addition of Mushroom** **5 hours**

Value added products / recipes, Quality assurance, Packing and packaging, Market opportunities.

**Practical****5 hours**

1. Identification of mushrooms: Poisonous and Edible mushroom (Chart/Specimens).
2. Field visit.

**Text Book**

1. Mushroom Cultivation, Tripathi, D.P.(2005) Oxford and IBS Publishing Co. PVT. LTD. New Delhi.
2. Mushroom Production and Processing Technology, PathakYadavGour (2010) Published by Agrobios (India).

**Course Outcome**

1. Identify edible types of mushroom.
2. Manage the diseases and pests of mushroom.
3. Gain the knowledge of cultivation of different types of edible mushrooms.
4. Markets available for commercial production.
5. Develop research aptitude.
